### *Midnight in Paris*

Woody Allen's most accessible and enjoyable comedy in years. Owen Wilson and Rachel McAdams play a Gil and Inez, a betrothed couple vacationing in Paris before their marriage; she's a spoiled, upwardly mobile young woman with wealthy parents, he's a dreamer of a screenwriter who falls in love with the city of lights. One night when she's off dancing with friends, Gil walks alone through the city and is magically transported to the Paris of the 1920s, where he meets up with the likes of Cole Porter, F. Scott and Zelda Fitzgerald, Ernest Hemingway, Josephine Baker, Gertrude Stein, Pablo Picasso, Salvador Dali and Luis Bunuel. He's enamored with the idea that -- unlike the present -- the 1920s was a golden era, but as his midnight walks take him further away from Inez and her world, he discovers that the illusion people have that a life different from theirs would be much better might not be true after all.
